

ADVANCE WARRANTY REPLACEMENT PROGRAM

Customers know...The show must go on - - -

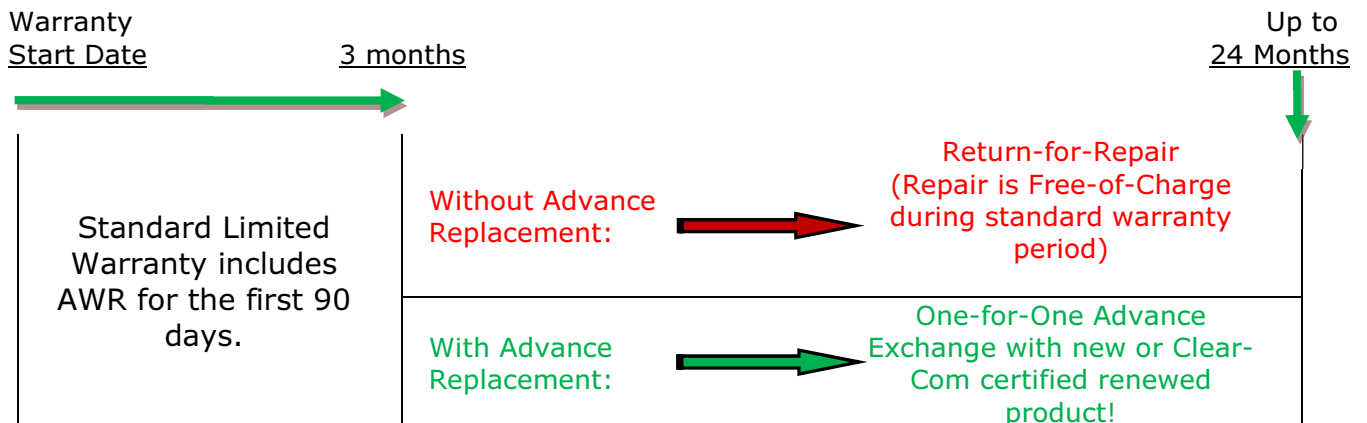

and so must the intercom! Sometimes waiting for a piece of equipment to be repaired doesn't meet your mission-critical requirements. You need a quick and easy replacement if the intercom system is down.

Clear-Com offers the Advance Warranty Replacement Program (AWR), adding up to 21 months to our standard 3 month replacement warranty from the date of initial purchase. If a Clear-Com product covered under the Advance Warranty Replacement Program should fail, a replacement will be provided to you. Period. It's that easy. All you pay is shipping to and from our factory.⁽¹⁾

Program Overview

Clear-Com's Advance Warranty Replacement program is an agreement between Clear-Com and you, our Customer, to provide a new or Clear-Com certified refurbished product to replace a defective product during the term of the Advance Warranty.⁽²⁾ Once you purchase an Advance Warranty contract and submit the Warranty Registration form, Clear-Com does the rest!⁽³⁾

All new Clear-Com products can be covered under the Advanced Warranty Replacement Program except the following:
